

## ETR200U

### MSRP \$14,449

If you're looking for an efficient small utility vehicle for your business, the ETR200U is an ideal choice. More efficient than an electric bike and lower maintenance than a golf cart, the ETR200U can easily fit into several industries and successfully streamline operations.

With a 1100-pound capacity, top speed of 28mph, and range of up to 50 miles, the ETR200U is an efficient utility trike any business can call an asset. It has generous open cargo space allowing you to secure the load before transport and is fully electric, with a long-lasting battery that requires zero maintenance.

The ETR200U can streamline operations across several industries, from logistics companies, assisting warehouse workers to optimizing industrial manufacturing operations, and even making sure the golf course runs smoothly.

COLOR	White
DIMENSIONS	9.3 x 3.8 x 3.3 Feet
WEIGHT	695 Pounds
BATTERY	Lithium Ion 60V 105Ah LifePo4 with BMS & Fast Charging System Battery Life: 3000 Charge Cycles Charger Output: 71.4V 30A Charger Input: AC 110V 50/60HZ Charge Time: 2-3 Hours
MOTOR	A/C 60V 3000W
CONTROLLER	72V 84Ah 3000W Brushless Smart
DRIVING METHOD	Rear Differential
FRAME	6061 Aluminum Alloy
BRAKES	Hydraulic Disc
WHEELS	Rim Type: 6061 Aluminum Wheel
TIRES	Front: 130/60-13 Tubeless Rear: 135/70-12 Tubeless
BUILT IN FEATURES	Rear Cargo Compartment, LCD Display, Turn Signals, Hazard Lights, Horn, Mirrors, Headlight, Taillights, Reverse Camera, Radio & MP3, Windshield with wiper and Alarm
ADDITIONAL INFORMATION	Maximum Climbing Capacity: 20° Maximum Load: 1100 Pounds Maximum Speed: 28 MPH Maximum Range: Up to 50 Miles
