

ETR100C

MSRP \$11,949

No one can guarantee warm, sunny weather all year round, and the ETR100C is designed with all four seasons in mind.

It is a fully enclosed three-wheel passenger trike with both a heater and a sunroof. When the weather is cold and wet you'll be glad the ETR100C has heater, defogger and wind-shield wiper. Whatever the weather, you'll enjoy the music pumping out of your MP5 and radio player. And the reverse camera makes parking a cinch.

You can travel as fast as 28mph with a whopping maximum range of up to 75 miles. And you don't need a driver's license, registration or insurance in most US states, though we recommend you check with your local jurisdiction.

As an ADA-registered mobility device, the ETR100C would make a terrific addition to senior-disability mobility device dealers' catalogs. It is also great fit for security companies, first responders, and at military bases, not to mention for golf cart dealers. Get ready for some all weather eTriking with the ETR100C.

COLOR	White
DIMENSIONS	7ft 1in x 3ft 9in x 5ft 6in
WHEEL BASE	5ft 1in
WEIGHT	685 Pounds
BATTERY	Lithium Ion 60V 105Ah LifePo4 with BMS & Fast Charging System Battery Life: 3000 Charge Cycles Charger Output: DC 71.4V 30A Charger Input: AC 110V 50/60HZ Charge Time: 2-3 hours
MOTOR	A/C 60V 3000W
